

APPENDIX 5F
LOW WATER USE PLANT LIST
PRESCOTT ACTIVE MANAGEMENT AREA

The Low Water Use Plant List for the Prescott AMA is filed in the Department's Prescott AMA office. A copy of the list effective as of the date of this plan follows in this Appendix. Since the list may be amended using the procedure described below, a current list is available upon request from the Prescott AMA office or from the Department's public information officer in Phoenix.

PROCEDURE FOR MODIFICATION OF LOW WATER USE PLANT LIST FOR THE PRESCOTT ACTIVE MANAGEMENT AREA

- A. A person who seeks to add a plant or plants to the Low Water Use Plant List for the Prescott AMA or to delete a plant or plants from the list may apply at any time to the director for a modification of the list. The application shall be made on a form prescribed and furnished by the director.
- B. The director shall review each request for a modification of the Low Water Use Plant List. The director may request additional information from the applicant and may seek information from other sources as may be necessary to determine whether the list should be modified.
- C. If the director approves the addition of a plant to the Low Water Use Plant List, the director shall place the plant on a supplemental list that shall be considered an addendum to the Low Water Use Plant List. The supplemental list shall be available upon request from the Department's public information officer or the office of the Prescott AMA.
- D. If the director approves the deletion of a plant from the Low Water Use Plant List, the director shall delete the plant from the list.
- E. The director shall conduct an annual review of the Low Water Use Plant List and issue a modified plant list no later than January 15 of the following year. As a result of the review, the director may add plants to the list, delete plants from the list, or both.

APPENDIX 5F
LOW WATER USE PLANT LIST
PRESCOTT ACTIVE MANAGEMENT AREA

This list was compiled by the Department in cooperation with experts from the Desert Botanical Garden, Arizona Department of Transportation, and various nurserymen and landscape specialists from the Prescott AMA. Individuals wishing to add low water use plants to this list or delete plants from the list may submit information to the director of the Department of Water Resources for consideration. The director will amend the list as appropriate.
